Section 1. Scope of Policy: This Investment Policy ("Policy") applies to all financial assets of the Twentynine Palms Water District (the "District"). Funds in any deferred compensation plan and/or in a trust for retiree benefits are not included within the scope of this Policy.

Section 2. Prudence: Investments shall be made with judgment and care, under circumstances then prevailing, including, but not limited to, the general economic conditions and anticipated needs of the District, which persons of prudence, discretion and intelligence exercise in the management of their own affairs; not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived. The standard of prudence to be used by investment officials shall be the "prudent investor" standard (California Government Code Section 53600.3) and shall be applied in the context of managing an overall portfolio. Investment officers acting in accordance with written procedures and the Policy and exercising due diligence shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments.

Section 3. Objectives: As specified in California Government Code Section 53600.5, when investing, reinvesting, purchasing, acquiring, exchanging, selling and managing funds of the District, the primary objectives, in priority order, of the investment activities shall be:

a. **Safety:** Safety of principal is the foremost objective of the Policy. Investments of the District shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. To attain this objective, diversification is required in order that potential losses on individual securities do not exceed the income generated from the remainder of the portfolio.

b. **Liquidity:** The investment portfolio of the District will remain sufficiently liquid to enable the District to meet all operating requirements that might be reasonably anticipated and meet its cash flow requirements.

c. **Return on Investments:** The investment portfolio of the District shall be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the investment risk constraints and the cash flow characteristics of the portfolio. The objective of maximizing return on investments should be done only after ensuring safety and liquidity.

Section 4. Delegation of Authority: Authority to manage the Policy is derived from California Government Code Section 53600, *et. seq.* Pursuant to California Government

Code Section 53607, management responsibility for the Policy is hereby delegated to the General Manager, as chief fiscal officer. Such delegation of authority is for a one-year period and may be renewed annually by the Board. Pursuant to California Government Code Section 53607, as long as the aforementioned delegation authority is renewed, the Treasurer shall submit a monthly investment report of transactions to the Board, as provided in Section 11 hereof. No person may engage in an investment transaction except as provided under the terms of this Policy. . Under the provisions of California Government Code Section 53600.3, the General Manager is a trustee and a fiduciary subject to the prudent investor standard.

Section 5. Ethics and Conflicts of Interest: Officers and employees involved in the investment process shall fully comply with the District's Conflict of Interest Code in the execution of this Policy. Officers and employees involved in the investment process shall refrain from personal business activity that could conflict or appear to conflict with the proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

Section 6. Authorized Financial Institutions and Dealers: The General Manager may maintain a list of financial institutions, selected on the basis of credit worthiness, financial strength, experience and minimal capitalization authorized to provide investment services. In addition, a list may also be maintained of approved security brokers/dealers selected by credit worthiness who are authorized to provide investment and financial advisory services in the State of California. No public deposit shall be made except in a qualified public depository as established by state laws.

For brokers/dealers of government securities and other investments, the General Manager shall select only brokers/dealers who are licensed and in good standing with the California Department of Securities, the Securities and Exchange Commission, the National Association of Securities Dealers or other applicable self-regulatory organizations.

This form shall attest that the individual responsible for the District's account with that firm has reviewed the District's Policy and that the firm understands the Policy and intends to present investment recommendations and transactions to the District that are appropriate under the terms and conditions of the Policy and the law.
